Introduction

General Overview

The VET in Schools (VETiS) program provides senior secondary school students with the opportunity to integrate their traditional academic studies with a vocational education study pathway.

Successful completion of a Vocational qualification provides students with credits towards a nationally recognised VET qualification that will enable them to gain employment in their chosen career or undertake further training.

Why apply for the VET in Schools Program?

- VETiS programs develop work, employability and life skills, and broaden career options.
- Gives students a realistic view of industry expectations.
- Frequently improves employment prospects and improves chances of selection for other training courses, and offers pathways into higher education.
- Makes school more relevant to what students might do when they finish school while allowing them complete their WACE.

This booklet provides information on the range of qualifications being offered at South Regional TAFE under the Vocational Education and Training in Schools (VETiS) program.

Information covered includes, minimum entry requirements, delivery details, costs and uniform requirements (if applicable).

Who Can Apply?

Applications will be accepted from students who can meet the following criteria:

- Currently enrolled in high school and commencing Year 11 or 12;
- Will pass or have passed Year 10 with a 'C' grade average or with Curriculum Framework Level 3.5 or better (the Year 10 mid-year report MUST be included for application purposes);
- Student application has been endorsed by their school.
- Meet Australian citizenship and/or visa requirements;
- Have not previously completed a nationally recognised qualification under the VET in Schools program.

Second-round offers

There may be second-round offers in the first week of February 2019 for some qualifications that are not filled in the first round process.

➤ **Interviews will be conducted for competitive courses**

How to Apply?

Applications must be submitted online through the SRTAFE 2019 VETiS applications portal. Please contact the School VET Coordinator to gain access to the portal.

Applications open: 8am - 8 June 2018

Applications close: 4pm - 31 August 2018

Applications are to include electronic copies of:

- Latest school report
- Current resume
- Additional documentation to support your application (optional)

Late Applications

Late applications may be considered, but there is no guarantee of a place being offered.

Fees and Charges

Secondary school students undertaking VETiS programs as part of their secondary education including pre-apprenticeships in schools' programs are exempt from tuition, resource and enrolment fees.

However, depending on the chosen program students may be required to purchase a uniform, protective equipment, text books or trade equipment/tools.

Note: Some sub-class visa holders will be required to pay full fees

Work Practice

Some programs include workplace practice. Students will be provided information about any workplace practice at the commencement of the program.

Students are responsible for organising their own transport to and from the workplace.

Disclaimer

All Programs are subject to minimum student enrolments and will only run if viable numbers are achieved. The South Regional TAFE also reserves the right to alter delivery times and course content at short notice.

Pre-Apprenticeships in Schools Overview

What is a Pre-apprenticeship in Schools?

The Pre-Apprenticeships in Schools (PAIS) program is a fantastic opportunity for students in Years 11 and 12 who are enrolled in the Western Australian Certificate of Education (WACE), to be one step ahead of other young people who want to undertake an apprenticeship. It is a school-based training program and is intended as a transition from school to an apprenticeship. It provides an introduction into the apprenticeship opportunities within various trades. Training commences in year 11 or 12 with a mixture of College based training and actual work experience within the industry of choice. During this stage, students must attend school, undertake units of competency within the program at a Registered Training Organisation (RTO) participating in the program and be linked to an employer for work placement throughout the duration of the program. This gives students exposure to employers in the industry.

Why Apply for the Pre-Apprenticeship in Schools Program?

Students can undertake training within a desired industry while still completing their WACE. The program provides subject equivalence for WACE;

- Enables students to make career decisions and provides pathways to an apprenticeship
- Students receive credits for successful completion of units of competency undertaken
- A reduction in term may be considered if the student is successful in obtaining an apprenticeship.

Upon successful completion of their chosen PAIS program students can

- Nominate their preferred trade and undertake further specific training as a pre-apprentice or apprentice at South Regional TAFE
- Gain apprenticeships or employment during training
- Have the option to return to school after completing training, if applicable, depending on the program chosen.

Please note: Year 12 students who enroll in a pre-apprenticeship must be able to complete all assessments and work practice hours before the end of Term 3 (to meet School Curriculum and Standards Authority reporting deadlines). Therefore, it is vital that they are able to 'keep up to speed' with their learning and be able to meet deadlines for submission of assessments, and completion of work practice.

NB: Funding for these pre-apprenticeships is not confirmed by DTWD until December. If not funded, students may need to enroll in the VETiS program which has additional work practice requirements.
